TRAIN KILLS MAN LEFT ON TRACK

Legislature With Money Bills Passed, Is Ready To Adjourn

HOME TOWN STUFF

When you read this column today, provided it is still before 7 p. m., and you haven't voted in the special election on the constitutional amendments, rush down before the polls close and vote yes on both proposed changes in the State Constitution.

Both amendments are important. One proposes an increase in the number of Supreme Court judges from three to nine and to make sessions of the Court continuous throughout the year. At present the appellate courts all take a three months' vacation. Judges work hard and their duties are arduous, but the same may be said of other jobs. Business men generally, except bankers, and all working men, which includes editors, rarely take more than a month's vacation at most. Many of us never get a vacation. So there is no good reason why judges of courts should take off three months out of each year.

However, that is not the main point. The most important thing is that we need the increased number of judges on the Supreme Court in order that the public business may be handled more promptly. The other amendment proposes an increase in the salary of the Governor from \$4,000 to \$10,000 per year. The latter sum is plenty cheap for a State with five and a half or six million people to pay their chief executive.

There are many causes for homicide. Some are recognized by law and others are not. Our friend, George L. Robinson, one of the main clerks in the local post office, has sent a post card to the chief clerk of this column. Mr. Robinson is taking a vacation in California, showing that even postal clerks have some of the privileges that are reserved usually to aristocrats only. The picture on the reverse side of the card shows a beautiful lake of water, sheltered on at least two sides with heavily wooded mountains. The legend under the picture simply says: "Sequoia Lake."

H. T. doesn't know much about Sequoia Lake, having never taken the trouble to look it up, but judging from the picture on the post card from Mr. Robinson, it is a very delightful place to visit in the hot summer months. But somebody has got to stay at home to save the cotton crop, get the constitution amended and to look after affairs generally, and for a job of this kind, H. T. is willing to go on record as saying none but the most competent are capable of satisfactorily handling all these important matters that so materially affect the welfare of the commonwealth.

According to the news column of this newspaper, in which this column professes complete confidence, they keep bringing in new oil wells in Wilbarger County. If this sort of business keeps up and our cotton crop turns out as well as it promises to at this time, there will not be room to contain the prosperity that will be ours along in the fall of the year, just about the time one is preparing to begin his Christmas shopping.

SIX ARRESTED DURING RAID ON PARTY HERE

Three women and three men were arrested last night by Vernon policemen when the latter answered a call from a residence on Peace Street, according to a statement by a local officer this morning. They were charged with drunkenness and disturbing the peace. Four of them made bond last night and the others were held in jail, making bond this morning. All of them were ordered to appear before police court tomorrow afternoon at 2 o'clock.

One of the women was taken to a local hospital and treated for wounds received in a fight at the dwelling previous to the arrest, officers said.

SESSION MUST LAST AT LEAST 2 MORE DAYS

Constitution Invalidates Laws Passed During Last Three Days—Will Hold Lawmakers If Latest Moody Recommendations Are Honored.

Austin, July 16.—(P)—With the five major appropriation bills reduced from \$51,161,614 to \$47,890,832—a net decrease of more than \$3,000,000—the third special session of the 41st Legislature was on the eve of finishing its work today.

Only the departmental and claims and accounts measures remained to be accepted on free conference committee reports to wind up the appropriations. The departmental bill carried a total of \$10,532,283, against \$12,638,225 of the measure vetoed by Governor Moody when he turned down a 1 appropriation of the second called session. It was cut \$2,105,942.

The claims and accounts measure was shaved 52 per cent. It was reduced from \$987,543 to \$474,546.

The educational bill, appropriating \$16,451,282 for support of the universities, colleges and schools for the next biennium, was accepted yesterday. It was reduced only \$45,268 under the bill rejected by Governor Moody.

The judiciary bill appropriated \$5,060,485, against \$5,056,465 in the discarded bill; \$10,372,136, compared to \$10,432,856 vetoed; (Continued on page 2.)

NO FATALITIES IN MONTGOMERY

THREE PERSONS INJURED IN COLLAPSE OF TWO BUSINESS HOUSES

Montgomery, Ala., July 16.—(P)—No casualties were apparent today from the collapse of two mercantile establishments. The workers, however, continued taking away the debris to guard against a chance that any one was entombed in the wreckage.

Several persons were injured, three seriously, and property damage estimated at \$175,000 was caused by the collapse of two buildings housing the Bullock Shoe Company and the Pizitz-Smolian department store.

Between 75 and 100 persons were in the buildings when the walls buckled and collapsed yesterday, but enough warning was given that the majority of them were able to reach safety.

The seriously injured were George Degruy, and two negroes.

Investigation has been started into the cause of the collapse.

LANDS PLANE AFTER LOSING 'PROP' AND ENGINE PARTS

Philadelphia, July 16.—(P)—Two navy airmen landed safely today after the front part of their motor and the propeller fell off during parachute testing flights at the navy yard field here.

It took a bit of adroit flying by Commander O. W. Erickson to bring the disabled biplane down. His observer, L. S. Williams, made possible the feat by going over the side in his parachute.

This lightened the tail of the plane, permitted Erickson to right it and the pilot spiraled and jockeyed his way to the field.

HOUSTON FLYERS ABANDON ENDURANCE FLIGHT TEST

Houston, July 16.—(P)—The "Houston-Billion Dollar City," attempting an endurance refueling flight record, landed in a field about one half mile southeast of the Houston airport this morning. The plane had been in the air less than 20 hours. Cause of the landing was not immediately ascertained.

First reports were the motor sputtered and stopped running. The plane made a perfect landing.

Two Hurt in Accident.

Tyler, Texas, July 16.—(P)—A. L. Edens and P. R. Nesbitt, business man of Beckville, were injured seriously last night near Arp, 15 miles south of here, when their automobile collided with a Missouri Pacific train. Edens suffered a fractured skull.

END OF POLISH FLIGHT TOLD BY WITNESS OF CRASH

Horta, Azores, July 16.—(P)—Major Casimir Kubala, painfully injured himself, tried in vain to rescue his comrade, Major Ludwik Idzikowski, from their burning plane, the Marshal Pilsudski, when it crashed in Graciosa Island Saturday night ending a trans-Atlantic venture.

The first complete account of the disastrous termination of the two Polish flyers' brilliant attempt to fly from Le Bourget to New York was given to The Associated Press today by a witness, one of those who sought to save the lives of both airmen.

His narrative revealed that both Kubala and Idzikowski were found strapped inside their plane, which was upside down in a corn field, near the village of Santa Cruz. Idzikowski's legs appeared to be broken, and so pinioned beneath him he could not be extricated from the cabin before the gasoline tanks exploded and set the plane afire.

Those attempting the rescue believed Idzikowski was already dead when finally the advancing flames made them desist. Kubala, slightly dazed with fumes from the gasoline tank, which had been opened to permit dumping, attempted to rush into the cabin, a virtual cauldron of flame for one last effort, but the crowd held him back.

Major Idzikowski's body was not removed from the plane until day-break Sunday, a military guard standing by all night. A ceremonial funeral was given it Sunday afternoon at 3 p. m., the entire island civilian and military population following the coffin to a special vault.

Body Taken to Horta.

Horta, Azores, July 16.—(P)—The Polish school ship Iska carrying Major Casimir Kubala and the body of his trans-Atlantic companion, Major Ludwik Idzikowski, arrived in Horta from the island of Graciosa today.

OIL HEARING DATE IS SET

RAILROAD COMMISSION WILL TAKE EVIDENCE AT WICHITA FALLS

Austin, July 16.—(P)—A hearing by the Railroad Commission at Wichita Falls, July 23, regarding conservation of crude petroleum and natural gas in the Winkler County oil field will be continued at Fort Worth the next day, Clarence E. Gilmore, chairman of the Commission, announced today.

Gilmore said that while the Commission preferred to hear evidence from the buildings when the walls buckled and collapsed yesterday, but enough warning was given that the majority of them were able to reach safety.

The seriously injured were George Degruy, and two negroes.

Investigation has been started into the cause of the collapse.

PLAINS HAVE SHIPPED 17,000 CARS OF WHEAT

Amario, July 16.—(P)—Figures compiled by the Santa Fe and the Fort Worth & Denver railroads today showed 16,569 cars or 22,503,150 bushels of wheat had been shipped from the Panhandle territory during this year's harvest.

Grain men estimated that slightly more than 50 per cent of the crop had been marketed, and placed the 1929 crop in the Panhandle at 42,000,000 bushels. Harvesting is practically over in the South Plains and at its peak in the North Plains.

Three Drowned in Stream.

Mexico City, July 16.—(P)—Three persons were drowned and three others believed drowned when the Rio de Los Remedios washed an automobile containing six persons off a bridge at San Bartolo Nacacalm near here.

Spain and Italy Protest.

Washington, July 16.—(P)—Spain, Italy and Sweden have sent additional representations to the State Department regarding American tariff proposals on behalf of the respective governments and trade associations.

Ask President To Intervene.

New Orleans, July 16.—(P)—J. B. Lawson, representative of the Street Carmen's Union, said here today that national union leaders would request President Hoover to intervene in the fifteen day street car strike in New Orleans.

ANTI-CHINESE FEELING FIRES RUSSIAN SOVIET

Thousands of Marchers Join in Demonstration in Moscow Denouncing Action of Nanking Government and Offering to Fight for Redress of Wrongs.

(By The Associated Press)

Despite the expressed belief in China that further serious consequences may be expected from the recent seizure of the Chinese eastern railway, considerable tension was reported to have developed in Moscow.

International circles in Paris, London and Tokyo have expressed doubt as to the developments of any hostilities, but there were rumors of troop movements along the Siberian-Manchurian border.

Mass demonstrations against the "Chinese Fascists" were held in Moscow during the night, and the press published unofficial "warnings" that Russia would oppose violations of her rights.

A three-day ultimatum reported to have been sent to China by Russia demanding a conference to clear up the situation expired today but delay in its transmission caused belief that this time limit would be extended.

Censored dispatches from Harbin indicated Russian troop movements toward the Siberian border, while Chinese advices from Peking reported that Russian troops had crossed the border last week and destroyed a Chinese ship on the Black River.

These latter advices were not confirmed.

Foreign Minister Wang at Tsingtao denied knowledge of the Soviet ultimatum and said he did not expect further serious consequences.

Communists in Berlin held a demonstration yesterday against the Chinese consulate and extra police guards were on duty there today.

Moscow, July 16.—(P)—Seething with anti-Chinese feeling, Soviet Russia today entered the last of the three days of grace allowed the Chinese government in an ultimatum.

Thousands of workers paraded the streets of Moscow until early to (Continued on page 2.)

YOUTHS GIVEN TRIALS TODAY

PRELIMINARY HEARINGS FOR BURGLARY CHARGES ARE SET

Frank Oates, 17, Charles Reid, 17, and J. M. Copelin, 14, of Childress, will be arraigned this afternoon for preliminary hearings in connection with the theft of \$175.40 worth of merchandise from Levine's Department Store Sunday night.

The youths were arrested early Monday morning and charged with the burglary, according to local officers.

Copelin will be tried before a juvenile court this afternoon at 3 o'clock. District Attorney John Myers said this morning. Oates and Reid will be given preliminary hearings at 3:30, it was stated. They are subject to action of the grand jury, and it was thought that they would be held over for that body when it meets August 19.

The arrest was effected when W. S. Curran and P. F. Capps, tower-men for the Fort Worth & Denver and Frisco railroads, saw them hide two suit cases in a garden near the tower, officers said.

The strangers left the bags for a brief time and the workmen took them to the tower. When the trio returned and found the bags gone they are reported to have stolen two more suitcases and brought them to the garden near the tower. About 4 o'clock Monday morning the three youths were found asleep in the area near the tower. They were taken to jail and were said to have made a full confession to the robbery.

Articles were taken to the city hall and later to the sheriff's office. Rumors that they were accompanied by two other youths were denied by the prisoners yesterday afternoon.

Bitten by Rattlesnake.

Albert Streit, Jr., 12, was admitted to a Vernon hospital this morning about 10 o'clock after a rattlesnake bite at his home about 12 miles southwest of Vernon. Young Streit is resting well this afternoon and the injury is believed not to be serious.

ELEVEN GIRLS KILLED AS TRUCK DIVES INTO ABYSS

Tegucigalpa, Honduras, July 16.—(P)—Laughing and happy at the end of a perfect day's picnicking, eleven Honduran high school girls yesterday went to their death when the truck in which they were riding crashed into a thousand-foot abyss near Sance.

Twenty-two were hurt, some seriously. The driver, Luis Medina, was killed outright. Salvador Corleto, Minister of Public Works, was seriously injured in attempting to reach the bottom of the abyss to aid in extricating the bodies.

The girls had been to a spot not far for box lunch, dancing and native games.

It was thought possibly the driver's attention was distracted at a dangerous spot in the road by the girls' gaiety behind him.

VOTE LIGHT ON AMENDMENTS

EARLY RETURNS INDICATE BOTH PROPOSALS AS FAVORABLE

Voting in the four Vernon precincts and in the West Vernon precinct in today's state-wide election is unusually light, according to election judges. A total of 85 votes had been cast in the five precincts, 22 in Southwest Vernon, 10 in North-east Vernon, and 7 in West Vernon, 24 in Northwest Vernon, 23 in Southeast Vernon.

Election judges indicated that the vote at 1 o'clock was slightly in favor of both constitutional amendments. The special election today is to vote on the proposal to raise the salary of the Governor from \$4,000 to \$10,000 and to increase the membership of the state Supreme Court from three to nine and to provide for continuous sessions of that court.

The office of the County Clerk will remain open until 9 o'clock tonight to receive returns from the rural precincts. It is expected that complete returns will be available early due to the light vote.

Light Vote in Valley.

Brownsville, July 16.—(P)—Rio Grande Valley voters were taking little interest in the constitutional amendment election today, reports from Cameron, Hidalgo and Willacy counties indicated. Most of the vote cast were favorable to the amendments, it was reported. Only 167 votes could be accounted for at 11 a. m., in the three counties. One Brownsville box had not opened at that hour.

Houston Returns Announced.

Houston, July 16.—(P)—First unofficial incomplete returns from 12 Harris County precincts in the election today gave the following:

Governor salary increase, for 128; against 20.

Nine-member Supreme Court, for 124, against 24.

Light Vote in Fort Worth.

Fort Worth, July 16.—(P)—Voting in today's state constitutional amendment election started off light, some boxes reporting no more than six ballots cast during the first hour the polls were open. Election officials believe the vote will be under 5,500.

Light Voting in Dallas.

Dallas, July 16.—(P)—Less than 5,000 votes were expected to be cast in Dallas in today's constitutional amendment election. Thirty-five votes were the most cast in any one precinct up to noon, with a majority of the voting places showing from one to ten votes cast.

Light Vote at Houston.

Houston, July 16.—(P)—The first 13 votes unofficially counted here today were unanimous for both proposed constitutional amendments. Early voting was light.

Small Vote At Waco.

Waco, July 16.—(P)—Seventy-two votes had been cast in Waco up to noon in today's state-wide election.

St. Paul, Minn., July 16.—(P)—The "Last Man's Club," organized 46 years ago by 314 members of B Company, First Minnesota Volunteers, will hold its annual dinner next Sunday; but what once was a joyous banquet will this year be only a quiet dinner by three old men.

John F. Goff, 86, Peter O. Hall, 91, and Charles Lockwood, are all that are left of the gallant company. This year they are dining at the home of Goff's daughter. In the days the dinners were held at the inn in Stillwater, Minn., but now the survivors have become too feeble to make the journey there.

In the center of the table Sunday night will be the bottle of wine which was obtained at the first gay gathering and which is to be used by the last living member to drink a toast to his departed comrades.

Two years ago the same three who are to meet next Sunday opened the bottle and drank to the memory of the 311 who have died. The bottle was resealed, so that the original intention—a last toast by the last man—might be drunk.

The dinner is held each year on the anniversary of the battle of Bull Run.

New Trial Is Overruled.

A motion for a new trial in the case of E. Bourland vs. W. M. McCaleb was overruled in County Court this morning. Damages were being sought in the case as a result of an automobile accident on February 2, in which the Bourland car was damaged. The jury decided last week that the accident was unavoidable and no damages were to be paid.

King George Improved.

London, July 16.—(P)—Such anxiety as to the condition of King George which remained after yesterday's encouraging reports on the operation performed then was relieved with an additional favorable bulletin from his physicians today.

Auto Registration.

REPORT LIGHT STATE POLL ON AMENDMENTS

Reports From Various Sections Indicate Indifference on Part of Voters to Constitutional Changes Submitted in Special Election Held Today.

(By The Associated Press.)

Apathy characterized voting today in the constitutional amendment election, scattered returns from a number of sections of Texas indicated. A few election judges reported that not one vote had been cast in their precinct shortly before noon.

What few votes that had been counted were favorable to the amendments—increasing the number of Supreme Court justices from three to nine, and making the Governor's salary \$10,000 instead of \$4,000—election officials reported.

Light Vote in Valley.

CITY OFFICES BEING MOVED INTO NEW QUARTERS

With the completion of electrical and carpenter work in some of the offices of the new municipal building, city officials began the move to the new quarters this morning. Not all the offices have received the finishing touches, but Mayor H. D. Hockersmith expressed the opinion that all of the city offices would be situated in the new building this week.

The first to begin the transferring of office equipment was Mayor Hockersmith. At about the same time the equipment from the city light and water office was being transported across the street from the Evans Building to the new quarters. Furniture is being installed in all of the offices and with the placing of desks comes the arrival of other city officials. The offices of the City Secretary and City Engineer were furnished this morning with new steel desks and filing cabinets.

Some doubt was expressed by Fireman John Hurley as to the moving of the fire department to the new quarters this week. The doors for the engine room have not been installed and other details in this department may prevent the move until the first of next week.

Practically all that remains to be done on the first floor of the new building is the installation of furniture. Considerable work on the second story remains to be done before all of the offices can be occupied. Mr. Hockersmith said. The police department will occupy its new suite of offices later this week.

The municipal building was erected at a cost of about \$100,000, according to the figures submitted by S. H. Hall, City Secretary. A complete report of the cost has not been completed yet, however.

NEW WELL IS BEING PUMPED

The Hemisphere Oil Company's No. 1, wildcat, on the R. L. Castlebury ranch, eight miles south of Vernon, was placed on the pump today at the 1,510 foot level with about 600 feet of oil in the hole. No indication of the amount of the flow could be learned this morning as the well has not yet been gauged. The well was brought in late Saturday afternoon after less than a month of drilling.

The well is located in section 67, block 14, H. & T. C. R. survey on the south line of the section. The Hemisphere No. 1 is a mile and a half from the nearest production in the old South Vernon field and is the nearest to Vernon of the new developments in the oil fields of this district.

It is believed by local oil interests that the Hemisphere wildcat has located a new pool and will probably develop into a good producer. The well is being drilled by Paul Schultz for the Hemisphere Company.

TEST ON R. L. CASTLEBURY RANCH PROMISES GOOD PRODUCTION

The Hemisphere Oil Company's No. 1, wildcat, on the R. L. Castlebury ranch, eight miles south of Vernon, was placed on the pump today at the 1,510 foot level with about 600 feet of oil in the hole. No indication of the amount of the flow could be learned this morning as the well has not yet been gauged. The well was brought in late Saturday afternoon after less than a month of drilling.

It is believed by local oil interests that the Hemisphere wildcat has located a new pool and will probably develop into a good producer. The well is being drilled by Paul Schultz for the Hemisphere Company.

CUSTODY OF CHILDREN BY FORMER MARRIAGE SOUGHT

Knoxville, Tenn., July 16.—(P)—Seeking custody of two children of Mrs. Hardinge by a former marriage, Franklin S. Hardinge, wealthy Chicago oil burner manufacturer who recently was defendant in a sensational breach of promise suit brought by Ann Livingstone of Tulsa, Okla., arrived in Strawberry Plains, Tenn., near here with Mrs. Hardinge.

Mrs. Hardinge was divorced two years ago from Troy Weems, farmer of Strawberry Plains. The children, Troy, Jr., 7, and Norman, 5, were awarded to the father. They are now in custody of Mr. and Mrs. Joe Weems, parents of Troy Weems, the grandmother refused the Hardinges' plea for custody.

Mr. and Mrs. Hardinge spent last night at the farm home of a brother of Mrs. Hardinge's former husband.

Troy Weems has joined the U. S. Army since the divorce.

Stillman Yacht Burns.

Hempstead, N. Y., July 16.—(P)—The palatial steam yacht of James A. Stillman, the Wenonah, caught fire following an explosion in Hempstead Harbor today. It was feared the boat would be a total loss. First reports said only the crew were aboard, one of whom was injured.

Mexican Schools Increase.

Mexico City, July 16.—(P)—Rural schools in Mexico increased from 3,400 to 5,000 in the last year according to figures prepared by Exequiel Padilla, Secretary of Public Instruction. The government hopes eventually to establish 25,000 such schools, that number being necessary to reduce illiteracy 50 per cent.

VICTIM PLACED ON RAILS AFTER BEING ROBBED

Brief Statement Is Made Concerning Attack When Interurban Crew Picks Up Mangled Body of Prominent Man of Hutchins, Near Dallas.

Dallas, July 16.—(P)—Jack O'Keefe, 35, well-known resident of Hutchins, 10 miles south of Dallas, was found injured fatally on the Denton interurban track near the city limits early today.

Police investigated on the theory he had been slugged and his body mangled by a car after it had been placed on the track to cover up the crime.

As O'Keefe was being placed in an ambulance, he told police he had been slugged and dragged onto the track in front of a freight train, which also travels over the interurban tracks.

"They slugged me and I'll get 'em," the man told officers before lapsing into unconsciousness. He died a few hours later.

Examination of the body revealed that O'Keefe's skull had been fractured. Both legs and one arm were severed by the freight train. He was found by the crew of an interurban car that passed over the track about ten minutes after the freight train.

Blood stains were found beside the right-of-way on the opposite side from where the body was found, and showed O'Keefe had been dragged along the track for some distance before being placed on the rails. He had no money in his pockets, and his watch was missing.

O'Keefe was last seen in Hutchins yesterday and no reason was known by relatives for his being in Dallas. They did not know whether he had any money in his possession when he left home.

He is survived by his widow and two children.

POINCARE WINS ON FIRST VOTE

RATIFICATION OF DEBT ACCORD IS FORESEEN BY TEST VOTE

Paris, July 16.—(P)—The Poincare government was victorious in its first clash with the opposition on the question of ratification of the debt accords today receiving 304 votes against 239 on a question of confidence.

The vote was taken on a motion introduced by former Minister Louis Marin asking for postponement of debate on ratification of the Mellon-Berenger accord.

Premier Poincare opposed this, and making it a matter of confidence, demanded an immediate vote on the Marin motion.

LAD TESTIFIES AGAINST MAN IN MURDER TRIAL

Woodville, Texas, July 16.—(P)—The testimony of an 11-year-old boy that he saw J. W. Davis shoot O. W. Haynes to death as the latter pleaded for his life resulted in Davis being held without bond here.

W. T. Holland, the alleged eyewitness and J. W. Jones were the chief witnesses. Jones testified he had heard Davis threaten the entire Haynes family on the morning of the shooting.

MEXICO WANTS TO REMOVE SOME IMMIGRATION RULES

Mexico City, July 16.—(P)—One of the first steps which the national tourist committee plans to take is a study of the immigration law with a view to modification in order to save tourists trouble at ports of entry.

Members of the committee, created by Presidential decree to build up Mexico's tourist business, have said changes in the law are necessary immediately.

Stillman Yacht Burns.

Hempstead, N. Y., July 16.—(P)—The palatial steam yacht of James A. Stillman, the Wenonah, caught fire following an explosion in Hempstead Harbor today. It was feared the boat would be a total loss. First reports said only the crew were aboard, one of whom was injured.

OIL CONTINUES STEADY CLIMB

INCREASES OF WEEK ENDING
JULY 13, IS 33,639
BARRELS HIGHER

Tulsa, Okla., July 16.—(P)—Continuing a moderate but steady climb, the estimated daily average production of oil in the United States for the week ending July 13 increased approximately 23,839 barrels, as compared with the total for the week ending July 6, making a total increase for the four weeks period ending July 13 of approximately 141,621 barrels, according to the Oil and Gas Journal.

An approximate 2,000 barrel increase in the Oklahoma City pool was offset by a 1,600 barrel drop in the Seminole area. Other increases made a total increase for the state of approximately 2,800 barrels for the week.

West Texas production jumped during the week approximately 3,600 barrels with a slight decrease in the Hendricks pool offsetting a 4,500 barrel increase in the Yates pool. The total Midcontinent area increased approximately 13,700 barrels in light oil with the heavy crude remaining virtually constant. The Texas Panhandle fields reported the highest increase of this area of approximately 6,500 barrels.

Gulf Coast area heavy crude increased approximately 5,000 barrels; Eastern Light oil 2,000 and Rocky Mountain Light 3,000 barrels.

The Santa Fe Springs deep drilling area in California continued its precipitous climb noted throughout the year and added approximately 15,000 barrels to its total of 270,000 barrels checked for the week ending July 6. Alternate losses and increases in other fields of the Pacific Coast held the light oil increase there to approximately 11,500 barrels. Heavy crude on the coast increased approximately 5,000 barrels.

The grand total estimated production for the United States during the week was 2,851,807 barrels as compared to 2,831,168 barrels for the week ending July 6.

MRS. CARRIE L. WIDOWS

who declares Sargon increased her weight 17 pounds and made her feel like a new woman after many years of suffering.

"Just think of it—Sargon built me up from 120 pounds to 137—a gain of 17 pounds! Ten bottles of this wonderful medicine made me feel like a new woman."

"Years of suffering from stomach trouble had me in an awfully weak, nervous and run-down condition. I tried many medicines only to be disappointed time after time."

"Sargon enabled me to eat things I hadn't dared attempt for two years. I am a well woman, and have been greatly strengthened. I also took Sargon Soft Mass Pills and they are just as wonderful as Sargon. I consider them an essential part of the treatment." Mrs. Carrie L. Widows, 109 12th St., Abilene, Kan.

Sargon represents the last 10 years of world-wide medical research, and brings the dawn of a new era in the field of modern medicine. It is restoring health to thousands by methods undreamed of a few years ago.

Huber's City Drug Store, agents. There is a Sargon dealer in every town.

Neat Ensemble Is Made of Tow Sacks By Jasper Woman

Livingston, Texas, July 15.—(P)—The art of making rag rugs from gunny sacks may have suffered when Mrs. D. M. Wigley of Jasper appeared at the East Texas home demonstration club women's encampment here dressed in a snappy sports costume made entirely of "tow sacks."

Less than three sacks were used in making the suit, which resembled a snappy tailored garment from a smart women's shop. Mrs. Wigley dyed the material navy blue and tailored the skirt with several plaits in front. Contrasting colors were used for the blouse and trimmings. The entire cost of the ensemble was about \$12.50, she told the club women.

Anti-Chinese---

(Continued from page one.)

day displaying huge red banners and marching to brass bands blaring forth revolutionary airs. The banners and streamers flaunted slogans demanding a determined stand against "Chinese Fascists."

Heavy rain did not deter the marchers, many of whom were soldiers. In the parks and plazas communist speakers made inflammatory speeches calling for punishment of the "Manchurian militarists." Workers in the audience replied with testimonials of willingness to "take up arms in defense of the social fatherland."

At the foreign office L. M. Karakhan, vice commissar, caused to be published a statement from the Chinese charge d'affaires M. Liao S. K. Liao, giving notice of delay in translation and transmission of the ultimatum, which demanded release of arrested Russians in Manchuria, revocation of "illegal orders," and immediate submission of matters arising from the seizure of the Chinese eastern railway to negotiation.

The statement said the note was translated into Chinese Saturday night and filed by telegraph to Nanking with a request to relay it to provincial officials at Mukden, since there was no direct communication. More than 24 hours were thus lost in getting the note to the Nanking government. It was possible, in view of this, there would be an extension of time allowed in it for a favorable answer.

The application of M. Serebriakov, member of the railroad commissariat, to the Chinese legation for a visa to permit him to proceed to Harbin to open negotiations on the question, was refused under instructions from Nanking. (Tokyo dispatches yesterday said M. Serebriakov was expected in Harbin July 17 and arrived yesterday by airplane at Irkutsk, leaving immediately by train for Harbin.)

In the absence of Georges Tchichérin, commissar for foreign affairs, and Maxim Litvinoff, vice commissar, the crisis arising out of the Manchurian seizure of the Chinese eastern railway has been handled almost entirely by M. Karakhan, vice commissar, and former ambassador to China.

DEMONSTRATION IS STAGED BEFORE BERLIN CONSULATE

Berlin, July 15.—(P)—The communist newspaper Rote Fahne today said there was a demonstration in front of the Chinese consulate last night with the demonstrators crying "down with Nanking's war mongers." Enquiries at police headquarters were told nothing was known there about the demonstrations.

Rote Fahne said stones were hurled at the consulate's windows and many panes damaged before the police appeared on the scene. Other cries heard in the demonstration were "down with the Kuomintang's murderers of workers;" and "defend and protect Soviet Russia."

TROOPS GUARDING LINES OF DISPUTED RAILWAY

Shanghai, July 15.—(P)—Kuomintang official news dispatches from Nanking today said six armored trains were patrolling the entire line of the Chinese Eastern railway between Harbin, Manchuria, and Manchuli, on the eastern Siberian border. Additional troops have been garrisoned at various important points along the railway.

All Dressed Up for Flying

A lucky cameraman snapped this excellent shot of Mrs. Charles Augustus Lindbergh, the former Anne Morrow, who is doing about as much flying as her famous husband these days. No longer adverse to pictures now that their honeymoon is over, Mrs. Lindbergh posed for this picture in the cockpit of the Lindberghs' private plane just before a takeoff.

LOCAL BRIEFS

A. T. Underwood was in Dallas on business Saturday and Sunday.

Miss Odessa Rhea has accepted a position with J. D. Still, Jeweler.

Mrs. J. F. Bradford of Dallas is visiting Mrs. R. E. Martin.

Mrs. Otto Craig of Vernon is visiting in Seymour today.

Mrs. Bob Bomar of Fort Worth is in Vernon visiting her brother, Ted Spears, who is ill.

C. C. Bosta of Vernon was released from a local hospital this morning.

Miss Edna Ladd has returned from Wichita Falls where she visited friends for a few days.

Clifford Ladd of Oklahoma returned home today after being released from a local hospital.

P. O. Martin of Electra was released from a Vernon hospital today and returned home.

J. W. King of Vernon was released from the hospital today and returned home.

Miss Ersi Kern Ator of Lipton was released from a Vernon hospital today and returned home.

V. O. Evans of Rock Crossing returned home today after an appendicitis operation at a local hospital.

Miss Louise Weatherall returned this morning from Dallas where she has been visiting relatives.

Miss Loy Deen Taylor, 5, is resting better today at a local hospital, where she was admitted Monday with blood poisoning.

Mrs. M. T. Lenons of Tyler returned home today.

ed home Monday after visiting Dr. and Mrs. A. B. Garland, Mrs. Lemon's parents.

Mr. and Mrs. W. B. Covert and Miss Minnie King leave in the morning for Colorado Springs where they will spend the remainder of the summer.

The young people's department of the Baptist Sunday School will have a picnic tonight, and will meet at the church at 7:30 o'clock.

Mrs. M. K. Hendrix of Vernon returns from Dallas tonight where she has been visiting her aunt, Mrs. J. L. Cayce.

Mr. and Mrs. C. M. Ladd and daughter, Mrs. A. D. Skinner, have returned after spending ten days in Mineral Wells.

Muriel Cluneh of Davidson, Okla., is resting well today at a Vernon hospital after an appendicitis operation Monday night.

Eldridge Collins of Chillicothe returned home today following his recovery from an operation at a Vernon hospital.

Mr. and Mrs. J. C. Rogers, Mrs. A. T. Underwood, and Roy Norworthy returned yesterday from Decatur where they spent the week-end with Mr. Rogers' parents, Mr. and Mrs. J. M. O. Rogers.

Ercell W. Brooks, county superintendent of schools, left Monday afternoon for Canyon, where he will enter the West Texas State Teachers College for the last half of the summer session. He will be gone five weeks. Mrs. Brooks accompanied him.

Steel Bonds Retired. New York, July 16.—(P)—Directors of the United States Steel Corporation today voted to retire the 10 to 60-year five per cent bonds of 1923 at 110 and accrued interest. There are \$135,372,000 principal amount of these bonds outstanding.

Soil Survey Covers U. S.

During the past thirty years soil surveyors of the United States Department of Agriculture have studied, analyzed, described and mapped the soils of more than 1000 counties with an area of 800,000 acres, more than half of the entire agricultural land. Through data gathered during this period, farmers within the area surveyed can obtain information on soils and what they need to improve them. In the lower picture officials are shown taking a sample of earth from a farm by means of a soil auger. In the upper picture draftsmen are plotting maps as a result of the lower test. Dr. Curtis F. Marbut, chief of the soil survey, is shown in the insert.

CHEVALIER NOW SHOWING HERE IS RANKED HIGH

A short time ago a popular song, "Fifty Million Frenchmen Can't Be Wrong" caused a mild sensation whenever dance orchestras and entertainers chanced to get together. Just what fifty million Frenchmen can't be wrong about, slips the memory at the moment. However, all those who follow the activities of the theatre know that Frenchmen have long been singing the praise of Maurice Chevalier, the Parisian musical comedy favorite and the star for a number of years at the Folies Bergere and the Casino de Paris.

For some time American motion picture producers bid for the services of this popular Frenchman but it was only during the past few months that he was finally won away from his beloved Paris and signed to a long term contract by Paramount to make a series of talking and singing pictures.

His first effort, "Innocents of Paris", a talking and singing picture, a vehicle which in every way is particularly suited to his talents, is showing at the Vernon Theatre now. In this gay, infectious romantic comedy, Chevalier sings many of the songs for which he is so well known. Included in this number are "Les Ananas", a clever take-off on our "bananas" song of a few years back, and "Valentine", equally as popular with all those who have ever heard him sing. In addition to these, Chevalier also sings several new numbers especially written for him, catchy, tuneful numbers, destined to be a prime favorite with dance orchestras everywhere. The American public, too, will undoubtedly enjoy his English which retains a certain delightful accent. Some words in particular he gives an added flavor, rolling his r's like only a Frenchman would. All in all, Chevalier is a distinctly new personality is not stunted by any "gag" tendency. He is original, gay and thoroughly likeable.

At the present time he is the headliner atop the Ziegfeld Roof where with other Broadway celebrities, he entertains New York's smart set. Metropolitan critics have devoted many columns to sing his praise. They have called him an engaging personality, combining the qualities of Charlie Chaplin and Al Jolson. That, of course, speaks for itself.

In "Innocents of Paris", he is supported by a capable cast which includes Sylvia Beecher, a charming newcomer to the screen, George Fawcett, John Miljan, and six year old David Durand. Richard Wallace directed "Innocents of Paris".

ANITA STEWART WILL WED YOUNG NEW YORK BANKER

Los Angeles, July 16.—(P)—Anita Stewart, film star, and George P. Converse, New York banker, applied for a marriage license here today. Miss Stewart gave her age as 23. The wedding is planned for July 24. Each has been married once.

Reds Beat Robins.

Brooklyn, July 16.—(P)—A rally against Dazzy Vance for two runs in the ninth enabled Cincinnati to defeat Brooklyn by 5 to 3 in the first game of a doubleheader here today. Red Lucas pitched for the Reds.

Live Stock Commissioner Named.

Fort Worth, July 16.—(P)—R. H. Martin of Eagle Pass Tuesday morning was installed as a member of the state livestock sanitary commission. He succeeds Richard King of Corpus Christi, resigned. He was named a member of the body by the governor.

Appointment Delayed.

Washington, July 16.—(P)—Selection of a representative of the wheat growing industry for the federal farm board may require from two to three weeks more study of available appointees by President Hoover.

Start Laying Track.

Edcouch, Texas, July 16.—(P)—Work of laying nine miles of track between here and Weslaco was started today by the Missouri Pacific railway company.

Light at Berger.

Borger, July 16.—(P)—A light vote being cast in this county today in the constitutional amendment election.

Oct. (new).	18.42	18.70	18.30-41	17.95
Dec.	18.58	18.26	18.63-64	18.22

Opening: Jan. 18.26; March 18.46; May 18.56; July 17.90; Oct. (old) 18.01; Oct. (new) 17.95; Dec. 18.26.

New York, July 16.—(P)—Cotton opened steady at an advance of 3 to 7 points. The inactive month of September showed a gain of 15 points on covering by recent sellers and some buying which appeared to be influenced by opinion that a favorable weekly weather report had been discounted by yesterday's decline.

October sold up to 18.14 and January to 18.35, making net advances of about 15 to 19 points but the market lost a few points of this advance under realizing by the end of the first half hour.

Trading was quiet later with prices showing partial reactions from the early advance under realizing together with a little local and commission house selling. At midday October was ruling around 18.04 and January 18.27, or 3 to 9 points net higher. July was relatively easy under small offerings with the price around yesterday's closing quotations a shade lower.

Futures closed steady 35 to 47 points higher; spot quiet; middling 18.55.

New Orleans.

	High	Low	Close	P.C.
Jan.	18.46	18.08	18.44-46	18.06
March	18.68	18.36	18.08	18.28

July	17.72	17.66	17.88	17.48
Oct.	18.27	17.83	18.23-25	17.83
Dec.	18.46	18.05	18.43-44	18.04
Opening: Jan. 18.08; March 18.28;				
May 18.33; July 17.40-b; Oct. 17.83; Dec.				
18.05.				

Opening: Jan. 18.08; March 18.28; May 18.33; July 17.40-41; Oct. 17.83; Dec. 18.05.

New Orleans, July 16.—(P)—The cotton market opened steady with October unchanged but later months 2 to 7 points up. As cables were better than due, the market continued to improve after the start. Rains helped the advance.

October traded up to 17.98 and December to 18.20 of 15 to 16 points above yesterday's close. At the end of the first hour the market was steady and near the highs. The market ruled fairly steady all morning with prices keeping within the early range. There was a decline of 4 to 7 points from the top at one time on realizing and selling by ring traders, but trade buying later absorbed the contracts and at mid-session October traded at 17.97 and December at 18.18, or within 2 to 3 points of the early highs. The undertone appeared to be fairly firm, the market being supported by a better labor outlook in the Lancashire and rains in the eastern belt with increasing report of weevil activity.

Liverpool.

Liverpool, July 16.—(P)—Cotton-spot quiet; lower; American strict good middling 10.87; good middling 10.47; strict middling 10.27; middling 10.07; strict low middling 9.77; low middling 9.47; strict good ordinary 9.07; good ordinary 8.57. Sales 5,000 bales, 8,600 American. Receipts 7,000, American nil. Futures closed quiet and steady: July 9.73; October 9.65; December 9.65; January 9.66; March 9.71; May 9.73.

New Orleans.

New Orleans, July 16.—(P)—Spot-cotton closed steady, 41 points up. Sales 448; low middling 17.04; middling 18.54; good middling 19.19; receipts 453; stock 97,397.

Texas Spots.

Dallas, July 16.—(P)—Spot cotton 17.95; Houston 18.45; Galveston 18.45.

GRAIN

Chicago.

Chicago, July 16.—(P)—Influenced by failure of Liverpool quotations to reflect fully price advances on this side of the Atlantic, early wheat values here underwent material setbacks today. Dispatches from Liverpool asserted belief upturns had been too fast, and this promoted heavy selling here, largely to realize profits.

Opening at 1-3c to 1-1/2c off, Chicago wheat fluctuated rapidly, with an irregular downward trend. Corn, oats and provisions averaged lower also, corn starting unchanged to 1c up, and subsequently showing a decided drop.

Wheat closed unsettled 1c to 1-1/2c under yesterday's finish. Corn closed 3-8c to 7-8c, oats 7-8c to 11-8c off, and provisions varying from 2 to 3c decline to a rise of 20c.

BAPTISTS TIE FOR SECOND PLACE WITH 12 TO 3 WIN

HITTING MELEE REDUCES LEAD OF METHODISTS

Three Teams Are Now Tied With Percentage of .400, While Presbyterians Roost Atop Sunday School League With .800.

The League Standing:

TEAM	P.	W.	L.	Pct.
Presbyterians	5	4	1	.800
Baptists	5	2	3	.400
Methodists	5	2	3	.400
Christians	5	2	3	.400

Three teams of the Vernon Sunday School baseball league slipped into a tie for second place running yesterday when the Baptists rallied after a period of losing and defeated the Methodists 12 to 3 on the City Park field. Thirteen Baptist hits accounted for the win, while four Methodist errors helped to increase the score.

R. B. Norman, playing his last game in Vernon, took over the Baptist mound duties and went the route to cap his Vernon Sunday School league baseball career, holding the Methodists to five scattered hits. Lankford started the game for the Methodists but was badly off form, not having recovered sufficiently from a recent illness. D. D. Adams, veteran Texas League, relieved him at the end of the second and finished the game. He, too, was not in his best form. He was greeted in the third inning by seven Baptist runs.

The Methodists were retired in order in the first. Holloway got one just in front of the plate and Teel threw him out at first. Carney rolled to Norman and was thrown out at first. Lewis filed to King in center. Foster, opening for the Baptists, grounded to Lankford and was out at first. Lankford tagged S. Dobbs when he recovered the latter's rap near the base line. Norman was hit, and Fred Dobbs singled. Bridges popped to Smith.

Smith singled to center to start the second. Bell was hit and Thompson, rookies left fielder, popped to Norman. Richards was safe on a choice as Fred Dobbs singled scoring Teel and King. Norman popped to Bell and F. Dobbs filed to Lewis. Bridges was safe on Smith's error but the latter recovered in time to throw Foster out at the plate.

The Methodists replied with two

runners in the third. Holloway grounded to Norman and was out at first. Carney doubled to center, and was followed by Lewis' double to the same spot. Carney scored. Two passed balls in succession brought Lewis in. Thompson singled and Smith walked. Chance to score. Richards rapped to Foster who made a neat throw to catch Smith at the plate on the forced run. Robinson bounced to Norman and was out at first.

In the third eleven men went to the plate. Foster was safe on an infield hit, and S. Dobbs was safe likewise. Norman loaded the sacks on Holloway's error, but Robinson's throw to Carney caught Dobbs. Adams was now pitching Fred Dobbs singled to score. Foster. Bridges was safe at second on Smith's error, and Norman scored. Wolfe's single brought in F. Dobbs and Bridges. Hardison closed the long inning with a grounder to S. Dobbs who made the throw to first.

Adams started the fourth by walking. Frank Murchison, Jr., relieving Holloway was out, Norman to Dobbs, on a sacrifice blow, and Robinson, running for Adams, stole third. Carney popped to S. Dobbs and Lewis fanned to close the inning.

The Baptists tallied again in the fourth when Teel singled and scored on S. Dobbs' two-bagger. King popped to Adams and Foster fanned. Norman's single closed his Vernon batting career, and F. Dobbs went out to right field.

The Methodists brought in a third score in the fifth. Smith singled for the third time in as many trips, and Bell walked. Thompson singled, scoring Smith. Wolfe tagged Bell between second and third and S. Dobbs caught Thompson off second. Richards filed to Hardison to end the game.

SPUDS AND CATS WIN MONDAY

SEVERE TEST AWAITS CLUBS AS INVASION OF THE SOUTH STARTS

(By The Associated Press)

There is good reason to doubt that the four northern clubs today bent upon their first invasion of the southern half of the Texas League since the season was split will find anything like the bed of roses that awaited them on their last sortie.

It may be remembered that on their last swing through the southland the teams from the north pretty well wiped out all opposition. Up to that time the strength of the circuit had appeared well divided between the two sections, but when the invasion had ended the Steers, Spuds, Sports and Cats definitely had established their superiority. They held the upper hand until the season was split, all finishing in the first division.

But that was another month, and the four entries that dominated the first half are likely to discover they have stepped into a peck of trouble. Two of the strongest northern clubs, Dallas and Fort Worth, are badly crippled, while a third, Shreveport, is in the midst of a serious slump. Wichita Falls scarcely is playing the same brilliant ball that carried it through its last southern invasion with the loss of only two games.

At least two of the Southern teams, on the other hand, have strengthened and braced considerably since the season was severed. Waco, tied with Fort Worth for the lead, is apt to prove a hornet's nest for the Sports in the series beginning today. Houston, its pitching staff improved and with the added incentive of locking its former pilot, Frank Snyder, before it will give the Cats a fit fight.

As a sort of breather in preparation for the important series starting today, only two games were played yesterday. The Spudders closed their long home stay with a 4 to 2 victory over the Steers. That marked a two out of three. Beaumont polished off the Buffs the third straight afternoon, 3 to 2.

The first half champions had Wiltse, Spud southpaw, to blame for their loss of the closer. Wiltse wobbled at the outset, throwing George Bischoff a home run ball with one on in the first, but from there on he dealt the batted ball misery. In the second Wiltse cleared the bases with a double, sufficient to win.

Sparkling fielding marked the final at Beaumont, neither side committing a bobbie. Wetzel and Bailey turned in a couple of gems, from all accounts, Bob Petrie drove in the winning tally for the Shippers with a triple in the seventh. Jordan contributed a homer to the Buff cause.

Aronstein signed a contract brought to Houston by C. C. Slapnick, chief of the Cleveland scouting staff. Two Texas League clubs and one other major league team had been negotiating with the amateur star, who has won 12 and lost three games this season.

Local Baseball Team Re-Enters State Contests

Vernon's American Legion Junior baseball team has been re-entered in the state elimination contest for the junior baseball championship leading to a national championship. A message was received late Monday by Post Commander Dr. W. L. Rhodes from Ernest Cox of Austin, in charge of the state elimination, stating that the Wichita Falls team had been disqualified and that Vernon would be permitted to re-enter the elimination. Truett Bridges, in charge of the local entry, wired Mr. Cox this morning telling him that the Vernon team would be re-entered and asking instructions for playing the next games. Vernon will probably be matched with Olney or Corsicana for the district and bi-district championships.

Vernon was defeated by the Wichita Falls team several weeks ago by a heavy score. The Wichita Falls team also defeated the Olney team on the same date. A protest signed by Mr. Bridges and the Olney manager indicated several infractions of the American Legion rules by the Wichita Falls club and the state director decided to disqualify the club and allow Vernon and Olney to re-enter the district playoff.

CLUBS MAY GET FORMER TEXAS LEAGUE HITTING STAR

Waco, July 16.—(P)—In answer to their appeals for another hard hitting outfielder, the Waco Cubs have been offered the services of Danny Clark by the Baltimore club of the International League. It is not known whether the offer will be accepted. Clark played with San Antonio in 1925 and led the Texas League in hitting.

CARDS SLUMP AS RIVALS WIN

COLLAPSE OF 1928 CHAMPS ONE OF FEATURES OF SEASON'S PLAY

(By The Associated Press)

Here and there on the pages of baseball history are recorded the dramatic collapse of powerful baseball machines, but the fall of the St. Louis Cardinals, National League champions in 1928, threatens to go down in the books as one of the most unexpected of form reversals.

For two months the Cards were in the thick of the pennant chase. Then they fell apart. There have been a number of explanations for the collapse of the champions but most of the responsibility can be traced back to a veteran pitching staff that cracked wide open at a time when Billy Southworth had no up-and-coming youngsters capable of stepping into the breach.

Southworth's crew lost ground to the Dodgers yesterday, bowing to the New York Giants, 7 to 2, while the Robins were turning back the Cincinnati Reds, 4 to 2. This left the Robins only a game and a half out of the first division.

The second place Chicago Cubs shaved a half game off Pittsburgh's lead by downing the Phillies in both ends of a double bill, 9 to 6 and 7 to 6. Chuck Klein hit his 24th, 25th and 26th home runs during the double bill to assume major league leadership in this department. Hack Wilson got his 23rd homer in the first game.

An error by George Sisler enabled the Pirates to beat the Boston Braves, 5 to 4 in 11 innings and stretch their winning streak to eight in a row. The victory left the Pirates leading the Cubs by two and a half games.

The Yankees picked up half a game on the Athletics by beating Detroit, 7 to 6 while the A's were splitting a double bill with Cleveland.

Cleveland slugged Ehmke, Rommel and Yerkes to take the first game of their double bill with the A's, 8 to 5, but George Earnshaw stopped the Indians cold in the second which the Athletics won 4 to 0. Earnshaw gave seven scattered hits and fanned six men.

Ed Walsh outpitched Fred Marberry as the Chicago White Sox beat Washington, 4 to 2, and the St. Louis Browns pounded five Boston hurlers for 16 hits to down the Red Sox, 10 to 3.

HOUSTON AMATEUR SIGNS WITH CLEVELAND INDIANS

Houston, July 16.—(P)—Charlie Aronstein, local amateur pitcher, is understood to have received a bonus of \$1,500 for affixing his signature to a Cleveland contract several days ago. He will join the Indians immediately.

Aronstein signed a contract brought to Houston by C. C. Slapnick, chief of the Cleveland scouting staff. Two Texas League clubs and one other major league team had been negotiating with the amateur star, who has won 12 and lost three games this season.

REMOVED ATZ MAY PILOT CHICAGO AMERICAN TEAM

Chicago, July 16.—(P)—The often recurring rumor that Russell "Lena" Blackburne is to be relieved of his duties as manager of the Chicago White Sox, again has been revived. It was reported yesterday that Jackie Atz, who recently resigned as manager of the Fort Worth Club of the Texas League, was on his way to Chicago to discuss business with the Sox management.

CHALLENGER TO TRY LEFT HOOK

BOXER HAS ALWAYS WON WITH RIGHT, BUT MAY SPRING SURPRISE

(By The Associated Press)

New York, July 16.—(P)—There are rumors that James J. Braddock has developed a good left hook which he hopes to use with good effect when he faces Tommy Loughran in their light heavyweight championship battle at the Yankee stadium Thursday night but the chances are the Jersey City challenger will fall back upon his trusty right when and if a crisis develops.

Observers at Braddock's training camp at White Sulphur Springs, N. Y., have noticed the challenger working away with a left hook. But James J. is not by any means neglecting his straight right. It was a straight right that broke Pete Latzo's jaw, knocked out Tuffy Griffith and stopped Jimmy Slattery and no one knows better than Braddock that his fortune is in his right hand.

With that hand Braddock punches harder than any light heavyweight in the business, it would seem. But Loughran, at his camp in Hoosick Falls, N. Y., appears unworried. The champion, apparently close to his best form, is depending upon his speed and boxing skill to keep him out of the way of the challenger's punches.

ATZ HAS HAD NO OFFERS FROM MAJOR LEAGUES

Fort Worth, July 16.—(P)—All reports that he probably manage a major league club in 1930 is news to Jake Atz. In a long distance telephone conversation with the Star-Telegram this morning, the former Fort Worth Panther manager, who is at his home in New Orleans, said, "all I know about the rumors is what I read in the newspapers."

Atz denied having had any communication with the Chicago White Sox, the St. Louis Cardinals or any other major league club.

"If I am getting any consideration they have neglected to mention it to me," said Atz. "I'd go in a minute if I had an offer to go to the majors, but so far as I know I'll not get a chance."

WE ALSO HAVE IT IN VERNON

The recent article in The Vernon Record relating to the amount of malt sold in Vernon during the summer months, indicating that approximately 2,000 gallons of home brew were made in this vicinity each week must be impressive to those who have complacently accepted prohibition as a fact merely because the Eighteenth Amendment to the Constitution was adopted. Add to the home brew total, the figures for other intoxicating liquors that doubtless are consumed within a week and the full force of the problem which must yet be solved by the nation is readily apparent.

It is encouraging to note that home brew manufacturing has declined, but those who appreciate the menace of intoxication to life and property, as well as the moral effect it has on those who are slaves to the habit, must recognize that the goal is still far distant.

What the law-abiding people of this section, and this state must need to realize that illegal liquor traffic is not peculiar to Chicago and the big cities. We have all heard stories of the flagrant violations of the prohibition laws that are perpetrated in Chicago and New York, but we seem to be having fair success at deceiving ourselves as to the state of affairs here.

Texans may have the visitor's viewpoint of conditions in Texas by reading an article by a well-known author in the current issue of Collier's. Writing of Dallas he frankly states that it is one of the "wettest" cities in the United States, although the liquor traffic has not reached the highly organized stage there. This writer views the prospect of the coming of organized bootleggers as holding forth hope for the city in that it will improve the stock available, intimating that no harm can result because he regards it as impossible to remove any obstacles to the purchase of liquor.

The absence of organized liquor is not proof of prohibition. It is safe to say that the person who has a thirst for liquor need not go outside of Vernon to quench it.

MONEY FOR THE HIGHWAYS

With the passage and approval of a bill raising the gasoline tax from two to four cents per gallon, we should hear less discussion about a State bond issue for the improvement of our highways, because the four-cent tax should produce sufficient revenue to meet the needs of the Department. The increased levy on gasoline will bring into the coffers of the Highway Department approximately as much money as it was proposed to spend yearly out of the bond issue, after deducting amounts necessary to pay interest and provide sinking funds for the retirement of the bonds.

During the discussions of the bond issue, however, it was rather clearly indicated that there were other motives back of the agitation, besides the one most frequently professed. There are reasons for believing that many of the counties in East and South Texas, having in past years issued their own bonds for highways and having used the money for the most part in the construction of gravel and other impervious types of roads, found themselves in the position of having worn-out roads and without means of their own to build new ones. It was an easy way out, therefore, to suggest that the State issue bonds, repay the counties for outstanding bond issues and then build the highways exclusively at state expense. So a great many well-informed people were strongly of the opinion that the real purpose back of much of the agitation for a State bond issue was to saddle the bonded indebtedness of counties, whose roads were worn out, over to the State and

Your Credit is good at The DOLLAR DOWN FURNITURE COMPANY. New and used furniture bought and exchanged. Vernon's Great Credit House, 1405 Main St. Phone 571

then have the State come in and build good roads.

Of course, it is to be regretted that many counties in Texas voted bonds for roads and then used the money on inferior types of construction so that now they find themselves in the position of having very poor roads and being without resources out of which to vote additional bonds to build new and more permanent roads. In Wilbarger and many other western counties this mistake was avoided.

From the very first only the very highest type of roads were built with bond money. This situation it should be remembered, is not attributable to the superior judgment of the people in the western counties. Western road building started a number of years after many of the counties in the older sections of the State had issued bonds and had improved their roads. Western counties profited by the mistakes of their neighbors in other sections. No doubt the same mistake of building inferior roads would have happened throughout the State, except for the fact that many counties did not undertake to improve their roads until experience had shown the folly of building gravel and other cheaper types of road to take care of the traffic over the more important highways.

The four-cent gasoline tax will provide ample funds for road building. It will not meet the needs of counties where the roads are worn out, long before the bonds are retired, and we may be able to see within the next few months whether the surmise above mentioned is correct, as to the real motive back of much of the agitation for a State bond issue.

Graduation for Summer School to Be Held Friday

Seven members of the second summer class of Vernon High School to be graduated are to receive their diplomas Friday night at the Allingham Park club house at 8:15 o'clock. W. T. Lofland, superintendent, said today. Members of the class are, with their major subjects: Mildred Erlene Terhune Spanish; Carl Leroy Busby, Spanish; George Erwin McKenzie, Latin; Inez Craig Latin; Lloyd Rainwater, Spanish; Cletis Hollomon, Spanish; and Juanita Bell, Spanish.

The commencement address is to be delivered by W. H. Huggins. The complete program, in charge of Mrs. E. F. Lyon, will be announced Wednesday. The summer school has been in session for eight weeks.

Twelve students were graduated last year at the first summer session commencement. D. O. Fulton is principal of the school, and other instructors are Ben H. Roberts, W. C. Weir, and Mrs. George O'Banion.

Cletrac CRAWLER TRACTORS

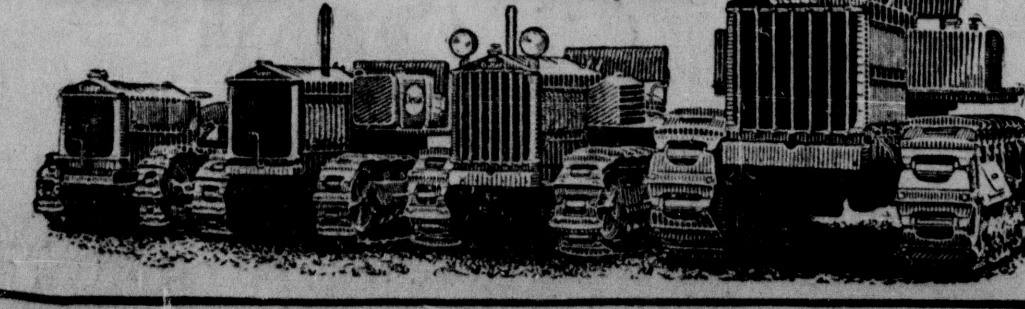

CLETRAC is the farm tractor of advanced design—a money-making investment which offers everything that can be asked of a strictly modern farm power unit. Easier, more comfortable handling in the field—greater power efficiency—sure, speedy travel regardless of ground conditions—perfect safety on steep hill-sides—revolutionary operating economy—these are a few of the features that are bringing farmers to Cletrac in greatly increased numbers every year.

The Cletrac Way Pays Big Returns

From the standpoint of better and more profitable farming, every comparison you can make points emphatically to Cletrac as the most capable, dependable and useful tractor you can buy. No other tractor offers so complete a combination of advantages—or so great a value for the money.

It will pay you to investigate Cletrac's superior power and sure traction—its light ground pressure and easy steering—its "One-Shot" instant oiling and other distinctive features. See your dealer today—or write for the full story of Cletrac for the farm. Built in a complete line with a range of power from 12 h. p. to 100 h. p.

AMENDMENTS UP FOR VOTE TODAY

HIGH COURT AND SALARY OF GOVERNOR WILL BE DECIDED

Austin, July 16.—(AP)—Texas voters went to the polls today to ballot on two proposed amendments to the constitution, one of which would increase the Governor's salary to \$10,000. The other proposal would provide for a Supreme Court of nine members sitting the year round.

The Governor's salary has never been increased since the constitution was written, and the chief executive has been hard pressed in recent years to make \$4,000 pay his expenses.

The Supreme Court proposal would abolish the present Commission of Appeals and would make the court large enough to clean up the cases now before the court and keep up with new appeals as they come up.

Many of the Legislators will be unable to express their preference at the ballot box unless they cast absentee votes, since they are still on the job in Austin after more than four months of law making.

Observers predicted there would be a light vote. It was pointed out, however, that the fewer the votes the better chance of carrying the amendments. The State Bar Association has been active, especially for the Supreme Court amendment.

The Governor's salary raise, in the event it is voted, would not become effective until January, 1931, when the new administration is inaugurated. If the Supreme Court increase is voted, Governor Moody would appoint six judges to sit with the three now on the bench. They would replace the two Commissions of Appeals, of three members each, which now assist the Supreme Court, but whose opinions must be sanctioned by the court of three. A majority of five of the nine members would decide a question before the court.

Several unsuccessful attempts have been made to increase the Governor's salary by amendments to the constitution, but this is the first effort at increasing the supreme court membership.

CARS OPERATE IN NEW ORLEANS

ONLY DAYLIGHT SERVICE IS BEING ATTEMPTED AS STRIKE CONTINUES

New Orleans, July 16.—(AP)—Daylight operation of street cars went ahead under Federal armed guards without indications of any settlement of differences between the street car company and the employees who walked out of their jobs July 2.

The service began yesterday with 15 cars on the St. Charles-Tulane belt route before the curious gaze of hundreds and with a fair sized number of paid fares. The test was carried out in the absence of a single disturbance.

The cars were put up in the barns before darkness fell.

Twenty-four hour service will be resumed when Federal authorities feel assured the stage of possible violence is passed, said Victor Loisel, United States Marshal, charged with enforcing the Federal injunction restraining intimidation of workers and molestation of property.

A citizens committee for a week has sought to bring New Orleans Public Service, Inc. into negotiations with the union.

OFFICERS ARE INSTALLED BY VERNON ODD FELLOWS

An installation of officers for the Vernon lodge No. 333, I. O. O. F., was held last night with J. A. O'Farney, district deputy grand marshal, in charge. The officers installed last night will hold office for the next six months.

Hubert Skiles was installed as Noble Grand and J. T. Hall as vice grand. Appointive officers named by Mr. Skiles and installed last night are, warden, George D. Potts; conductor, E. R. Wyatt; chaplain, P. M. McKinley; inside guardian, M. V. Liles; right supporter and left supporter to the Noble Grand, E. E. Coleman and Henry Conner; right and left scene supporters, O. R. Key and Roy Duke; outside guardian, A. M. Henderson; right and left supporters to the vice grand, Henry Stephens and Clyde Watts.

L. P. Kramer, financial secretary, and O. H. Naylor, treasurer, are elected annually.

FARM BOARD TO STUDY PROBLEM

BODY BEGINS WORK WITH ONE MEMBER YET TO BE NAMED

Washington, July 16.—(AP)—Burdened by only one promise from its cautious-tongued chairman, Alexander H. Legge of Chicago, the Federal Farm Board was engaged today at the task of fulfilling his pledge "to work long and hard."

A spokesman for the wheat growers was still missing from its membership, owing to the difficulty President Hoover has encountered in finding reasonably unified support for such an appointee. But the urgency of the wheat problem apparently had been alleviated by the sharp rise in prices, which Legge described as "a break of luck at the start."

Confronted with a number of requests for aid from representatives of various commodities besides wheat out of the \$150,000,000 now available and the \$350,000,000 additional authorized by Congress, the seven men who have given up their private connections in business and agriculture to attack the "multitude of agricultural problems" lost no time in beginning with Secretary Hyde as ex-officio colleague, the "long and hard" work before them.

The "hope," as Legge cautiously phrased it, to get something done which will be of benefit to the producers of this year's crops.

American Legion Plans to Select "Best Citizen"

A state-wide campaign to select the "best citizen" in each city is being conducted by the American Legion, and a certificate has been received by Post Commander Dr. W. L. Rhodes of the Albert E. Robinson Post No. 67, to be presented to a Vernon citizen within the next thirty days.

Various organizations are to be requested to submit nominations for this honor with qualifications of their candidate whose achievements must be of a civic nature and such that have helped to make this city a better, safer, healthier and happier place in which to live during the past year, Dr. Rhodes said today. Nominations are to be received from the post commander, Dr. Rhodes, the pastors of the three largest churches, the president of the Chamber of

Commerce, the mayor, and the president of each service club of the city. The citizens selected are to have their names sent in to the state Legion headquarters at Austin and will be placed on an honor roll there. This honor roll is to be completed by August 10. The campaign is not to be mistaken for a popularity contest and matters like partisanship and religious differences should be carefully avoided in selecting candidates. Awards will be based on individual service to the community, Dr. Rhodes said.

The certificate is engraved and bears the seal of the Legion and is signed by Rufus Scott, Jr., of Paris, Texas, State Commander. The certificate is being furnished by Commander Scott.

SOCIETY

Methodist Circle Meetings Held at Homes Yesterday

The Missionary Society of the First Methodist Church met in circles Monday afternoon.

Circle No. 1 met with Mrs. J. A. Harrington on Paradise Street. A devotional was read by Mrs. S. E. Porterfield, and the subject, "Married Women in Industry," by Mrs. J. O. Haynes. Music was furnished by Morris Keeton. The Missionary news bulletin was read by Mrs. E. L. McHugh. A business session was conducted by Mrs. S. E. Lloyd.

Ice cream and cake were served to Mrs. J. O. Haynes, Mrs. U. S. Davis, Mrs. Oran Key, Mrs. J. H. Holloway, Mrs. E. L. McHugh, Mrs. J. L. Eggleston, Mrs. J. J. McLaughlin, Mrs. S. E. Porterfield, Mrs. W. R. Keeton, Mrs. S. E. Lloyd, Mrs. H. W. Norwood, Oran Key, Jr., Janice Key, Morris Keeton and Kenneth Hugh Keeton, and the hostess.

Circle No. 2 met at the home of Mrs. E. H. Pigg on Paradise Street. Mrs. Roy Abbott presided over the meeting, and the song "Wonderful

"I Will Praise It as Long as I Live"

Iowa Park Woman Advised by Relatives to Take Orgatone Gains Daily.

"My brother-in-law never did me a greater kindness than when he gave me a bottle of Orgatone, for now my troubles are all gone and I am feeling like a different woman," said Mrs. M. A. Whitaker, residing near Iowa Park, Texas, who is the wife of a well known farmer.

"I was troubled for about six months with a disordered stomach and was in such a low-spirited, run-down condition my life was made miserable," she continued. "I had no appetite and what I did eat caused me more harm instead of nourishing and doing me good. I was so nervous and had severe headaches, so bad I never rested well and would wake up in the morning all tired and worn-out and hardly able to get up."

"When my brother-in-law told me about the good Orgatone had done him and gave me a bottle I decided to try it. Before I had finished my first bottle I felt like a different person, and my troubles began leaving me. I will praise Orgatone every day just as long as I live and I am telling all my friends about it."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Vernon exclusively by the Vernon Drug Company, who are direct laboratory agents.

Baptist Y. W. A. Meets Monday at J. O. Rouse Home

The Y. W. A. of the First Baptist Church met with Mrs. J. O. Rouse on Main Street Monday evening. The meeting was opened by singing the Y. W. A. song, and was followed by a prayer by Miss Drucyella Hollars. A short business meeting was held presided by Miss Versa Hughes, president. Several committees were appointed, and Miss Ina White was elected treasurer. The mission study book, "Ann of Ava," was discussed by Miss Ottilie Vaughn, Miss Gladys Woods, Miss Nell McWilliams, Miss Mary Alice Parr, Miss Elizabeth Lane, Mrs. W. T. Rouse of Arlington, and Mrs. J. O. Rouse.

Delicious refreshments were served to Miss Ina White, Miss Gladys Woods, Miss Ottilie Vaughn, Miss Versa Hughes, Miss Annie Lacy, Miss Ethel Robinson, Miss Nell McWilliams, Miss Catherine Weaver, Miss Ora Trout, Mrs. Zelma Vaughn, Miss Drucyella Hollars, Miss Opal Thomas, Miss Mary Alice Parr, Miss Elizabeth Lane, Mrs. W. T. Rouse of Arlington and Mr. and Mrs. J. O. Rouse.

PRESBYTERIAN CIRCLE IN SESSION AT PARK MONDAY

Circle No. 3 of the Presbyterian Church met at Allingham Park Monday afternoon with Mrs. A. P. McGehee as hostess. The meeting was opened with a devotional by Mrs. D. Thompson, and followed by a prayer led by Rev. E. L. Moore. Mrs. H. L. St. John read an article on "Foreign Missionary Situation." Mrs. W. T. Elliott sang a solo, which was followed by a very interesting talk by Rev. Moore.

An ice course was served to Mrs. J. D. Thompson, Mrs. S. R. Crim, Mrs. Benton Lott, Mrs. Hazel Lisman, Mrs. W. T. Elliott, Mrs. Clyde Muller, Mrs. H. L. St. John and Mrs. Roy Thompson.

MR. AND MRS. LEE PROBST ENTERTAIN TIRE CO. EMPLOYEES

Mr. and Mrs. Lee Probst entertained with a picnic supper Monday evening at Allingham Park honoring the employees and their families of the Burke-Davis Tire Company, formerly Lee's Service Station.

Those present were: Mr. and Mrs. Wilburn Probst, Ted Probst, Clarence Probst, Percy Ray, Mr. and Mrs. Thomas Busby and family, Marvin Wilbanks. Other guests were Mr. and Mrs. H. W. Norwood, Charles Norwood, Jo Ann Norwood and Allen Hardin and the host and hostess.

Give Picnic Supper.

Honoring Charles Sage of Dallas, Mrs. B. B. Brooks entertained with a picnic supper Monday evening at Allingham Park. Those present were: Mary Paige Brooks, Betty Ruth Brooks, Mary Louise Philgren, Sarah Rogers, Charles Sage and Jane McClelland, Mr. and Mrs. Roy McClelland, and Mrs. and Mrs. B. B. Brooks.

Beet Relish.

1 quart chopped cooked beets (4 cups)
1 quart chopped cabbage
1 tablespoon salt
1 teaspoon pepper
1 cup grated horseradish
2 cups sugar
2 cups vinegar
Mix the ingredients and boil for 3 minutes. Pour into sterilized jars and seal at once.

Pineapple Pie.

1 1/2 cups flour
2-3 teaspoon salt
1-2 cup lard
2 tablespoons cold water
Mix the flour and salt. Cut in the lard with a knife. Mixing with the knife, slowly add the water until a stiff dough forms. Break off one-third of the dough and reserve it for the top strips. Roll out the rest of the dough on a floured paper or board. Fit into a glass pie dish. Add the filling. Roll out the reserved dough and cut into strips 1-2 inch wide. Arrange criss-cross fashion on top the filling and bake in a moderate oven for 25 minutes.

Pineapple Filling.

2 cups diced or crushed pineapple
1-2 cup sugar
2 tablespoons flour
1-3 teaspoon salt
2 tablespoons lemon juice
1 egg, beaten
Mix the sugar and flour. Add the rest of the ingredients and pour into the pie shell.

Session Must--

(Continued from page 1.)
and rural aid, \$500,000, or \$500,000 less than the bill disapproved by the Governor.

The Legislature cannot adjourn sine die before Thursday if it considers seriously the legislation proposed by Governor Moody in his message of last Saturday, wherein he recommended passage of a law preserving to the University and public school funds returns from minerals beneath state lands. He proposed retaining all mineral rights and as a result the Senate yesterday passed a bill by Senator C. C. Small of Wellington withdrawing all public lands from the market.

Some opposition was displayed by the House, however, when the public lands and buildings committee substituted a committee draft providing for withdrawal from the market of only unsurveyed lands and river beds and channels.

The local bills affecting relinquishment of title to streets in Austin for paving purposes, authorizing execution of bonds by officials of the Brownwood water improvement and control district and ceding of a post-office site at Lubbock to the Federal Government, have been passed by both houses.

The Governor yesterday submitted local road, school and game laws but little interest was displayed by the Legislators.

Under the constitution a bill introduced and passed within three days of adjournment cannot become law. This will prohibit adjournment before Thursday if the Governor's land legislation is considered.

However, only a few members in each house could remain over to take care of this technicality.

MANY TOWNS INUNDATED IN RUMANIAN FLOODS

Bucharest, Rumania, July 16.—(P)—Numerous persons were believed today to have been drowned in sudden heavy floods in the province of Moldau, where the River Sereth rose thirteen feet, threatening the entire countryside.

A number of bridges were carried away. Troops were sent to assist in relief work. The towns of Bacau, Roman, Piatra, Neame and Targu were inundated.

Pilot Armstrong Visits Airport. Pilot Fulcher Armstrong of the Wichita Falls Air Transport Company was a visitor at the Vernon airport Monday afternoon. He was flying the new Stinson Detroit Jr. monoplane which was put into use at Staley Field last week after it was flown from Detroit. Mr. Armstrong took several short trips over Vernon during his two-hour visit here yesterday.

A location has been made by the L. G. Bradstreet Company for their No. B-2 W. T. Waggoner to be drilled 150 feet north and east of the southwest corner of the northwest quarter of section 42, M. E. P. & P. survey.

The Ted Harris and others, No. 1 W. T. Waggoner is drilling at 500 feet. The well is located 150 feet south and west of the northeast corner of the west half of the southwest quarter of section 22, block 4, H. & T. C. R. R. survey.

Simpson & Fell's No. 1, section 35, block 2, H. & T. C. R. R. survey, is flowing 234 barrels in 24 hours, after being drilled one foot deeper into the pay at 2,662 feet. The well now has 4 feet of sand. The well has not been swabbed, the flow being natural.

Empire's No. B-13, section 32, block 4, H. & T. C. R. R. survey, is flowing 130 barrels in 24 hours. No. B-15 is flowing 103 barrels, same location, and No. B-16, same location, is flowing 119 barrels.

Fain & McGaha's No. W-13, section 32, block 4, H. & T. C. R. R. survey, is swabbing 200 barrels.

Phillips' No. S-1, section 45, block 4, H. & T. C. R. R. survey, is swabbing 125 barrels in 24 hours.

Easter's No. E-1, section 22, block 4, H. & T. C. R. R. survey, is pumping 100 barrels.

Phillips' Norwood No. 5, section 18, block 4, H. & T. C. R. R. survey, is swabbing 409 barrels in 24 hours. The Waggoner No. 2, same location, is swabbing 106 barrels.

Staley & Wynne's No. G-5, section 32, block 4, H. & T. C. R. R. survey, has the sand at 2,292 to 2,300 feet.

The Texas Company's No. E-18, in the west half of the northwest quarter of section 24, and the east half of the northeast quarter of section 25, block 4, H. & T. C. R. R. survey, has the sand at 1,841 to 1,861 feet. The total depth is 1,863 feet.

The Texas No. P-1, wildcat, section 1, block 5, H. & T. C. R. R. survey, has a showing at 1,991 to 1,992 feet.

WOULD EXPEL DIPLOMATS FOR TRAFFIC VIOLATIONS

Washington, July 16.—(P)—Senator Caraway, Democrat, Arkansas, would have all foreign diplomats who disregard Washington's traffic regulations sent home.

The Senator, who recently had the District of Columbia police prepare a statement showing how many diplomats had been accused of violating the traffic regulations, said he would ask the Senate to recommend such procedure to the State Department.

The report of the police showed that 34 diplomats and attaches had been stopped and warned of traffic regulations in 11 years, none being arrested because of their diplomatic immunity.

PILOTS OF PATHFINDER WILL LEAVE ROME FOR PARIS

Rome, July 16.—(P)—The American trans-Atlantic aviators, Captain Lewis A. Yancey and Roger Q. Williams, are expected to land at Littorio airfield before dark from Turin and northern Italy where they visited yesterday and this morning.

They will fly their plane, the Pathfinder, to Paris at 5:00 a. m., tomorrow, arriving at Le Bourget at noon.

'Who Won the War' To Be Presented Here on Thursday

The leading role in the three-act play "Who Won the War," to be presented at the Vernon Senior High School auditorium Thursday night, is to be played by Jack J. Jordan of Burk Burnett, in the character of the hard-boiled Top Sergeant Bourke. The entire cast of 32 is made up of Burk Burnett Legionnaires and citizens.

The comedy drama of the western front of over ten years ago was written by Kirke Mechem and played to two filled houses at Burk Burnett on July 11 and 12. The play opens with comedy in the first act from K. P. duty to a court martial. Action leads in the second act the scene of which is laid at the front in a German dug-out. The play is directed by H. O. Ruppnow, who has staged several successful war dramas. The show is brought to Vernon under the auspices of the Albert E. Robinson Post No. 67 of the American Legion.

The Vernon Legion Post is the first to present the show following the Burk Burnett premier. Several other north Texas and Oklahoma towns are making arrangements at present to stage the production. Two specialty acts have been arranged by the Burk Burnett Post to be presented during the intermission following the first and second acts.
